

Building a world where everyone belongs.

L'Arche House Halifax

L'Arche Halifax is located in the north end of Halifax, and is home for 8 individuals with intellectual disabilities (core members) and their support people (assistants). We are members of L'Arche International who supports 152 communities and 16 community projects in 37 countries around the world.

L'Arche demonstrates that with friendship, belonging, and the opportunity to contribute their gifts, people with intellectual disabilities flourish and their lives make a difference. They take a variety of valued roles - employees, volunteers, leaders, artists, teachers, friends, and family - contributing to the lives of their families, friends and communities.

Living with difference and vulnerability is challenging, yet L'Arche demonstrates that when all people, including the most marginalized, take their place, society becomes more human - more colourful, welcoming, creative, compassionate, and joyful.
